SANCHI

STRATEGIC DESIGNER

Business Strategy | Service Design | Brand Strategy | 0-to-1 Execution | Customer Insights

sanchi_s@nid.edu • +91 7027-078877 • linkedin.com/in/sanchisikka1510

PROFESSIONAL PROFILE

I bring together **design thinking, research, and business perspectives** to understand **human behaviour**, navigate **complex systems and services**, and **turn insights into meaningful action**. Master's in Strategic Design Management at **NID (AIR 1)**; work spans **SAIL's premium brand extension**, a venture's **₹60 lakh seed raise**, and service audits for **HDFC ERGO** and **Civil Hospital Ahmedabad**.

PROJECTS

Peer-Cohort Service Venture, 0 to 1 | Float

Co-Founder

- Founded a **0-to-1 peer cohort service** for people navigating self-authored life transitions; reframed the core need as **validation** (making invisible, in-progress effort visible), distinct from reassurance and belonging.
- Architected the service end to end: **two user archetypes**, **four service promises** (Clarity, Recognition, Validation, Reassurance), a **dual-track model** for familiar vs stranger cohorts, plus an activities bank and facilitation kit.

Premium Brand Extension Strategy, North India | SAIL

Brand Strategist

- Diagnosed SAIL's brand through a **Kapferer prism** (high material authority, low lifestyle authority) and built a strategic bridge from **steel to premium and luxury**, extending the brand without repositioning the master brand.
- Ran **primary field research** at GIDC Chhatral (**3 consumer and 3 vendor interviews**) that **reversed the desk hypothesis**: the milk can has already left dairy and steel has lost the utility tier, so meaning is the only route in.
- Delivered **11 product directions** across **3 strategic platforms**, re-scored after fieldwork, with a **B2B-first go-to-market sequence** and a dent-free design brief for SAIL's R&D.

Patient Experience Journey Mapping | Civil Hospital Ahmedabad

- Mapped the **end-to-end patient journey** and identified **6 key areas** for service improvement across wayfinding, registration, waiting, referrals, consultation privacy and feedback.
- Proposed **6 practical, low-cost opportunities**, including multilingual wayfinding, differentiated registration queues and visible token displays, to improve **patient experience** and **operational efficiency**.

Travel Insurance Service Audit | HDFC ERGO

- Ran a **50-respondent primary survey** covering **74 trips**: **only 2 claim payouts**, and none of **27 insured trips** named HDFC ERGO (**9 travellers** could not name any insurer).
- Mapped branch, app and ideal journeys through a **service safari** and analysed **2,153 public reviews**, finding no claim timeline or tracking in either real channel.
- Recommended **three high-leverage fixes**: quote before identity, one document list at intimation, and a claim status with a date.

Design Audit | Dynamic Looms

Business Analyst

- Design audit of a **B2B textile-machinery maker**, diagnosing **organisational processes**, **value flow**, **employee workflows** and **customer satisfaction** from first enquiry to after-sales.

EXPERIENCE (2 YEARS)

UI Designer | Ample Design Solutions Pvt. Ltd. — Jun 2024 – Jun 2025

- Ran **A/B tests** across **50+ landing pages**, lifting engagement by **30%**.
- Shipped UI for **8 web/mobile applications** with product and engineering, from **user research** and **usability findings**.
- Won **1st place** in a global design competition on **99designs** for creativity and execution.

Founding Designer | Symbio Assistive Tech. — Jul 2024 – Oct 2024

- Built the **investor pitch deck**, **brand identity** and **go-to-market positioning** for a **0-to-1 venture** that went on to raise **₹60 lakh in seed funding**.
- Aligned product, marketing and technology **stakeholders** through weekly reviews.

Design Head | Read Riches — Dec 2022 – Jul 2024

- Led a **website redesign** grounded in **research synthesis**, tied to **40% revenue growth**.
- Managed a team of **5 interns** and streamlined brand communication.

LEADERSHIP

College Treasurer | Student Committee

- Managed a **₹2 lakh budget** for a **200-student cohort**, owning allocation across activities and **spend tracking**.

Cultural Representative | Student Committee

- Organised **7+ events**, including a flagship event for **700+ attendees**.

SDM Aspirant Mentor & Community Builder | Student Committee

- Conducted **2 design career workshops** (**50+ participants each**) for aspirants preparing for NID's Strategic Design Management programme.
- Built a **50+ member SDM aspirant community** and mentored candidates, with **3 clearing DAT Prelims**.

EDUCATION

Master's in Strategic Design Management (AIR 1) — 2025 – Present
National Institute of Design · Treasurer of Student Committee

Bachelor of Economics (Hons) — 2020 – 2023
Delhi University · 8.24 CGPA
